DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on March 21, 2005 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): applicant has added new species for the central nervous stimulating component where only generic language was recited before. As stated in MPEP section 809.02(d): "If after an action on only generic claims with no restriction requirement, applicant presents species claims to more than one species of the invention, he or she must at that time indicate an election of a single species." Applicant previously presented generic language for the central nervous stimulating component. Now applicant has presented numerous species to this component. If applicant had presented such language previously, species election would have been required. Thus, in keeping with MPEP 809.02(d), to be considered fully responsive, applicant is required to select a specific species from Zingiberaceae, Capsicum, Piperaceae, cinerol, zingerone, zingerol, shogaol, capsaicin, or piperine. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Susan Coe whose telephone number is (571) 272-0963. The examiner can normally be reached on Monday to Thursday from 8:00 to 5:30 and on alternating Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bruce Campell, can be reached on (571) 272-0974. The official fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).

Any inquiry of a general nature or relating to the status of this application or proceeding can be directed to the receptionist whose telephone number is (571) 272-1600.
